

RUNNIN' RISKS!

DESPITE the prevalence of robbery, a few continue to keep money about their homes. In thus doing they are not only risking the loss of the money, but also their lives.

HOW much safer and better it would be if these people would bring their money to this bank.

YOU'RE not running this risk—are you?

NEW CIVIL GOVERNOR.

Adolfo de la Huerta of Guaymas Appointed by Gen. Carranza.

An Associated Press dispatch from Douglas, dated May 3, says: General P. Elias Calles, military governor of Sonora, confirmed the report that Adolfo de la Huerta had been appointed by Venustiano Carranza to be the civil governor of Sonora. This step, Calles said, was taken at his, Calles', suggestion.

The duties of commander in chief of the large army now in Sonora have been so arduous recently that for almost a month he has been unable to give attention to his gubernatorial functions.

General Calles said that he recommended de la Huerta for the position because of the fact that he and de la Huerta are good friends, personally, while the new appointee is also a warm advocate of the radical policies which Calles has fathered since his accession to power.

There may be a modification of some of his policies, among them the strict prohibition law, General Calles said. But there will be no great change. All of Calles' appointees will be retained in office.
